To all members of Parliament

Dear Member,

Re the proposed Federal “Crimes Legislation Amendment (Telecommunications Offences and Other Measures Bill (2004)”.

Did you know that, with this proposed legislation:

- state rights to pass legislation are in danger of being violated.
- legislation to enable your right to choose voluntary euthanasia is at grave risk.
- the controversial and ill-defined issue of the promotion of suicide is linked to the distribution of child pornography, which is universally abhorrent.
- free and fair discussion of these disparate issues is thus prevented

For your further information I enclose the following material about Senator Chris Ellison’s Bill:

- website reference with relevant sections listed
- a copy of our submission to Senator Ellison

I would greatly appreciate your considered response to my concerns.

Yours sincerely,

Frances Coombe
President
